

Using the Algoma Clean Water Kiosk

Are you a Kewaunee County resident in need of clean fresh water due to an unsafe private well?

If so, you can obtain clean water and new water containers at no cost to you at the Algoma High School water kiosk. Here is all you need to do:

1. Please call Nick Cochart, Algoma Schools at (920) 487-7001 extension 2303 or e-mail Nick Cochart at ncochart@gmail.com.
2. You will be asked for your address and then, to determine the number of new water containers you may need, you will be asked the number of individuals in your household who need clean water.
3. Nick Cochart will personally deliver your first containers of clean water and a “water card” for your access to the Algoma High School water kiosk OR you may pick up your water containers and “water card” at the Algoma High School main office at Door A, 1715 Division Street, Algoma, Wisconsin.
4. Once you have your water card, simply follow the step-by-step instructions as shown on the Water Pod Instruction Sheet that you can click on nearby. There is no preset limit on the amount of water you and your family may use and there is no charge for the water.
